we can start teaching some subjects to students of class VI and classes XI and XII.

Children of poor families in villages are deprived of good quality education due to various reasons. As a result, many of them cannot come to the field of higher education and do not get the opportunity to become fairly established in life after studying. The light circuit of knowledge acquired in education remains elusive in many of their lives. This results in great sorrow and pain. Everyone in our organization (and 'Sir' too) feels this with our hearts. With this feeling and determination to work hard ourselves, we have established this free learning center. Running this center successfully is the main vow of all our lives. Good teaching is always quite 'challenging'. Naturally, this 'challenge' is much greater when the students belong to the poor and marginalized sections of the village. We hope that we will be able to spread this vow of teaching well-educated children of financially weak families in the village beyond the Ghutiari Sharif area in the future.

(1) Grocery Distribution (Swapno puron)

Like the first year of the epidemic, this year also we have given some essential food items (rice, flour, dal, potato, onion, mustard oil, tea, biscuits) etc. to some poor and needy families (of Piali and nearby areas) every month for free. But since the impact of the epidemic has subsided a lot, we have reduced the number of families to 20 (in 2020 21 there were about 100 families). These 20 families have been selected keeping in mind that the benefits of this two-year work with our very

(2) Establishment of 'Sister Nivedita Unpaid Assisted Teaching Centre':-

The main activity of our organization this year is to establish 'Sister Nivedita Unpaid Aided Teaching Centre' Inspired by the ideals of Swami Vivekananda, we have set up this Aided Teaching Center at village Taltala in Khutiari Sharif, South 24 Parganas. Teaching started here from 1st August 2021 with 14 students. Its main objective is to provide free education to the children of financially weak families of Taltala and adjoining villages. We believe that our supportive teaching (coaching) along with school studies will improve the quality of education of the poor but interested students of the area and pave the way for them to establish a solid path in life. As English and Mathematics are two of the most difficult subjects for students, these two subjects are given utmost importance in our tutoring center.

Now at present 100 students are being taught students . Three female teachers have been appointed to teach the lower classes in return for some honorarium. Our 'Sir' (of the Indian Statistical Institute, Calcutta) to the higher class students 3:01 p

the

former Professor) teaches. In fact, the overall education of th unpaid teaching center is conducted under the supervision of 'Sir. It is our sincere wish that in the new academic year of 20

(7) Other events:-

As in previous years as well as in This years running other traditional events like Independence Day and Republic Day, Saraswati Puja, etc., were duly observed. 3:02 pm

(4) Distribution of winter clothes and distribution of blan
In poor and low class families it is always difficult to find suitable winter clothes. Financial instability is the only reason for this. Keeping this problem in mind, we have tried to support some families with our limited financial capacity. This year we distributed blankets among the poor in the area. It is our achievement that the children and elders of these families have been able to sleep comfortably in the warmth of blankets during winter nights. This makes us happy and encourages us to continue this work in the future. We will try to provide this help to more marginalized families in the coming year.

This year our organization has arranged to give free coaching to 20 children of poor families in Piali areas. 3:02 pm

Mosquito Distribution:-

Apart from various service works done by Kholaghata Anand Welfare Society through its own efforts, another valuable work is that all the vagabonds are basically outside their homes. These mosquito nets are provided to completely isolate them from biting insects, spiders and mosquitoes. Mainly given to those residing in Dhakuria, Ballyganj and Jadavpur stations. We hope to continue this work in the future. 3:02 pm

Climate Change:-

We want to continue this kind of program in the future. 3:02 pm

(5) Annual picnic and annual sports :-
we organized a picnic for our students

No fee was charged from the students. The agency itself has borne the cost of Euros. The banquet was attended by several others (about 15 people) from the area who helped organize the banquet in various ways. After discussing with the students, the menu was prepared according to their preferences. This spree was completed with cheering soccer in the field in front of the educational center.

A few competitive sports were also organized on this same day. Children generally love to play. Keeping that in mind, the competition was started from 11 am. Various individual sports such as 100m race (boys and girls separately), spoon competition, biscuit competition, ten such sports were...

(6) Distribution of old clothes :-

KAWS distributes old clothes to the poor villagers of Taltala and adjoining areas at different times of the year. 1 1/2

Various types of (used) Dress are procured mainly from well-to-do/rich families of Kolkata and distributed free of cost to the poor in different areas of Piyali and Khutiari Sharif. There are also many expensive expensive clothes. Sarees, dresses, pants, girls' skirts, frocks, etc. used to be worn by women from lower class families with great enthusiasm in this year as well.

A climate change awareness camp was organized for the mothers and sisters of Jharkhali and Amlameti areas of the Sundarbans region of South 24 Parganas district and local farmers and fishermen. Where they were given a message of awareness through a discussion on why the climate is changing as well as how much it is affecting the lives of the common people, especially on livelihoods and what diseases are occurring as a result.

So that they are aware of the environment as well as so that they can choose alternative livelihoods.

Cyber Crime Awareness Programe:-

A cyber crime issue was discussed in Phultala under Baruipur police station of South 24 Parganas district. Basically, this program was organized jointly with (K.W.A.S.) Cuts International organization to make the common people aware and so that they are not cheated again and again. So that people do not share OTPs over the phone in the digital age again and again and their hard-earned money does not go away like this. 3:02 pm

International Women's Day :-Along with various service works, International Women's Day is celebrated every year by Kholaghat Anand Welfare Society. So that women get inspiration to live in life and can live independently and so that they can be self-reliant and live with their heads held high.

Aruna Sarkar Smriti Free Educational Service Center:-

Along with Sister Nivedita Free Educational Service Center, Aruna Sarkar Smriti Free Educational Service Center is run. It is located in the Kalaburu area under Baruipur police station. Here, talented children from backward families study

Scanned with OKEN Scanner

completely free of cost. Here, classes 1 to 10 are taught. Along with teaching, they are given nutritious food. Currently, 100 students come to study here. And in the future, we hope and expect to provide such free education in different districts of West Bengal.

Disability Assistance:-

Those who are basically completely disabled and cannot walk or see completely, K.W.A.S. tries to provide all kinds of assistance to them. All kinds of arrangements are made to get disability certificates and all kinds of groceries and medicines are provided, medical assistance etc. And besides this, arrangements are made to find out about various types of disability allowances and provide them with help.

limited financial resources reach the right families. They are all very sad, old and

We consider this small effort of ours to support these helpless people by providing them with food as 'service to life through the knowledge of Shiva', in the words of Swami Vivekananda.

3:02 pm

(3) Provision of free nutritious food:-

Free nutritious snacks (Tiffin) are provided to our students daily. It has been scientifically proven that lack of nutrition is a major obstacle to the physical and mental development of young children and adolescents. In countries like India, child malnutrition is 'horrendous', especially in rural areas. Keeping this in mind we give fruit/biscuit cake with egg or milk to each student with our limited funds. Snacks (tiffin) with sweets etc. every day of this year this nutritious snack will help the students improve their mental and intellectual development along with improving their health. It is our hope that the fact that our students are enjoying their studies with these free snacks will be reflected in their exams this year.

3:02 pm

(4) Distribution of new clothes on Durga Puja:-

Many of our students are from low class and poor families. It is our utmost wish that all our students enjoy wearing new clothes on Durga Puja, the most important Bengali festival. But we also know that not all parents can afford new clothes for their children. Mainly due to financial instability. So, like last year, this year too, our students, are free clothes distribution . Their happiness is our happiness. this

also have others vlillage brothers sisters meanly disability person we given the clothes
